

Mobility Funding References for Creative Skills Week 2025

Here are some references for mobility funding available for higher education, vocational education, SMEs, and other industry partners in the cultural and creative industries in Europe, which can be used to join Creative Skills Week 2025.

Please be aware that **EU-funded projects** typically designate funds for dissemination and communication activities, which partners may utilize to participate in relevant events. We recommend that you investigate opportunities with your consortium partners.
